

# TRI COUNTY *FISH* TEAM

Partnering for Restoration and Recovery of Steelhead Trout

## 2015 TECHNICAL TRAINING SESSION

Learn It, Build It Training on Rain, Grey and Storm Water with Sierra Watershed Progressive

### Overview:

Participants will receive an overview of systems to increase water efficiency for ranch, residential, industrial and institutional settings. First day “Learn It: in classroom topics include water audit basics, grey water in-depth, storm water low impact development principles, water use awareness, water conservation and fisheries, and design methodologies. Second day “Build It” includes building a grey water L2L system and rainwater plumbing for best water quality.

Regina Hirsch founded Sierra Watershed Progressive in the Sierra Mountains of California in 2010 to focus efforts on onsite water best management practices aimed at rehydrating watersheds.

### Training Dates

July 16 In classroom Learn It training  
July 17 Hands-on Build It training  
Cost: \$75 for both days  
Only 30 spots available

The Tri-County F.I.S.H. Team is a partnership between local government agencies, sponsoring agencies, and non-governmental organizations within San Luis Obispo, Santa Barbara, and Ventura counties to develop a regional approach for salmonid restoration in the tri-county area. The mission is to work with federal, state, and local agencies and non-governmental groups to secure funding and implement projects in support of salmonid recovery and habitat enhancement, improve information about restoration and recovery activities, and enhance public understanding and support for such actions.
